OBJECTION 1.

I'M TOO POOR; I CAN'T AFFORD IT.

ANSWER.

If you are too poor to save less than half a dollar per week, at from 30 to 35 years of age, or proportionately at other ages, and find it so difficult to do so—should you be taken away by death, how bitterly poverty will strike home to your widow and children, or those dependent on you! Is it not worth a struggle to avoid this, and give them at least $1,000 by paying so small a sum? *It costs just $2,00 per month to insure $1,000 at the age of 32 years.*

OBJECTION 2.

*I've talked to several of my friends, and they all advise me to have nothing to do with it.*

ANSWER.

Will your friends undertake to provide for those you leave behind, in case you do not live long enough to save money? Ask them, and be guided by their answer.

OBJECTION 3.

*I can't make up my mind; call again.*

ANSWER.

Your other objections have been answered. I appeal to your own common sense to answer this for yourself, aided by

The Fall Session of this Institution closed 23rd. day of December. The spring Session opened the 1st. Wednesday in January, and will continue 20 weeks.
The success of this school has been without a parallel. A new building has just been completed, by which a large additional number can be accommodated. We are determined to make our pupils as comfortable as they can be made anywhere, and to afford them all the advantage for a thorough and extensive education, that can be found at any First class Female College, North or South.
The location is a most delightful one. The Mineral Water is too well known to the whole country to need remark. Even invalid young ladies may secure a thorough education, and at the same time the restoration of their health. Reference is made to every intelligent Physician in the State, as well as to the hundreds who have found relief here.
The young ladies all worship in the College Chapel, and hence no extra clothing is required. *In the single item of dress parents can save 25 per cent. of the entire expense incurred by sending to Boarding Schools located in cities or villages.* This Institution is certainly one of the cheapest and most easy of access in the Southern States. Besides, it offers the most superior advantages in every respect.

A PROPOSITION,

IN WHICH YOU ARE INTERESTED.

I PROPOSE for the protection of the citizens of Raleigh and surrounding country, against the imposition of those so-called Cost Stores, to furnish each and every person, the New York Cost of any goods they may want to buy; by this means they can tell whether they are buying goods at Cost or paying a profit on them.
Call before going to any of those Cost Stores so-called, and let me give you a memorandum of Cost prices.
Most of my large stock I will sell at cost but I have goods that I will not sell in that way, and neither will those merchants who make such a flourish about selling at Cost.
No merchant in this place has purchased his Goods any cheaper than I bought mine. Any assertion to the contrary is *false*: and I will guarantee to sell Goods as low as any Cost House. All I ask is an opportunity to prove the truthfulness of this assertion.

AN INVALUABLE DISCOVERY,
BY WHICH
Water can be Turned into Money.

Truly has it been said, "That the riches of this world, lie buried in the bowels of the earth." The precious metals that are daily taken from thence, readily procure all the luxuries and comforts—save, the great boon to the sick, Health—without which, life is a burden, and the millions of the Rothschilds' would fail to secure.
To females suffering from Leucorrhœa, (or Whites, as it is commonly called) I, as a Physician of many years experience, would say, that you need not longer endure a miserable life of pains, aches and general debility, or weakness, the consequence of this deplorable disease.
All Physicians, of modern teaching, will admit the great difficulties in arresting this destroyer of health, for various reasons unnecessary to mention. Patients suffering therefrom will as readily agree, that medicines, however carefully prepared, do not in fact, in most instances, to afford relief; and in many, from long continuance, produce debility, thereby increasing the malady they were expected to relieve.
Deeming it a great privilege to be a public benefactor, and add to the comforts of the afflicted, by placing before them means of relief, I here give the history of a few cases of great interest that have fallen under my professional care.
Mrs. ———, a lady of the highest standing in the city of Charlotte, N. C., had been an incessant sufferer from Leucorrhœa for three years. Her cheeks were blanched, her skin always cold and almost transparent—in fact she seemed not to have a red corpuscle in her body. So weak was she, that it was with great difficulty she could ascend a flight of stairs, without feeling faint and exhausted. Palpitation of the heart, head-ache, and a dizziness in the head, besides excruciating pains in the back, together with a bearing-down sensation in the region of the womb, were constant and alarming. Notwithstanding they were but symptoms of extreme debility, induced or kept up by the never ceasing drain from her system. In this condition, every means at my command was used for her relief. Remedy after remedy was tried. Every means recommended by our modern authors proved worthless in her case. Hearing of the case of a servant, whom I had formerly treated, (belonging to Mr. Cross,) having been very much benefited by this mineral water, I resolved, (without further inquiry) as the last resort, to recommend to her its use. Anxious to be restored once more to health, she readily acceded to my proposition, and visited this well daily. Soon improvement was visible, and in the short space of three months her health was entirely restored. A living monument to the great curative virtues of this water.
The next case of great interest is that of the servant woman already spoken of. Seven years previous to the discovery of this well, Mr. Cross engaged my services in the care of this woman. I made most careful examination and searched out all of the particulars of her history. She had suffered for 18 years with Leucorrhœa, and being sorely afflicted therefrom, it was universally known in our community, that she was the martyr of the town. I found her with all of the distressing symptoms attending this malady, and could only afford her temporary relief. Time passed on, and still her afflictions did not abate. She abandoned all hope of recovery, and resolved to take no medicines, but to resign herself to the fate which seemed to await her. Her master just then having discovered this well, advised that she should drink freely of the water, as it might be of some benefit to her. Like a drowning man catching at straw, she tried it, and improvement was soon perceptible. Perseverance was crowned with success, and this day she is a strong and healthy woman, and can be seen at the residence of her former master, and will take great pleasure in relating, *in detail*, to any visitors, the history of her case.
Many other cases known to us, of equal interest, have been cured, and others are being daily benefitted.
It is to be regretted that the pecuniary embarrassments incident to the late war precludes the idea, of Mr. Cross' fitting up this valuable property, as a resort for invalids. Under these circumstances, the owner (Mr. George Cross, of Charlotte, N. C.,) is willing to dispose of his property at its very reasonable price of $16,000 in U. S. currency, and will communicate with any one either by letter or personally.
The plantation of 100 acres of fine and productive land is situated within one and a half miles of the city of Charlotte, N. C., immediately on the Wilmington, Charlotte and Rutherford Railroad. A fine residence, with modern improvements and conveniences, together with all necessary buildings attached, have just been completed, and to capitalists seeking investments no finer inducements could be offered.

FOR THE CURE OF DYSPEPSIA, DISORDERED Digestion, Flatulency, Sluggish Circulation of the Blood, Intrinsic Complaints arising from a morbid condition of the Stomach and Bowels. An Elegant Tonic in debilitated states of the Digestive Organs, or of the system generally. For the loss of appetite it is the most wholesome and effectual Tonic in the world. It strengthens nature and enables the system to triumph over disease. In wakefulness attended with tremors and general nervous derangement, it is peculiarly adapted, giving strength and tone to the nerves. To delicate Ladies and Children it is invaluable—and in fact whenever a pleasant and agreeable Tonic is wanted, this should be used.
Dr. Johnston B. Jones, one of the most scientific and well known Physicians in the Southern States, testifies to the great value, besides many others who have been greatly benefited by the use of these Bitters.

### Mr. Steven's Bill.

We publish to-day the bill of Mr. Stevens from the Reconstruction committee, which is now pending before the Senate. There seems to be a strong disposition to amend the bill in that body. Strong efforts were doubtless made to-day to pass the bill, but we presume in so grave a matter, the Senate will not be disposed to rush ahead. Conservative men in the body will do what they can to defeat it.

As it stands, it simply places the South under military rule without specifying the time it is to go into effect or any definite limitation. Its object appears to be to put us under the surveillance of the military for the preservation of order and to prevent insurrection or disturbance. In other words it seems to put the State in about the same predicament it was in under the administration of Gen. Ruger some time since, and to hold us in a quiet way, until Congress is fully ready to take off the hand-screws and provide a new government for the State. As our people have somewhat become use to military rule, this bill is far more desirable than any proposition which forces upon us universal negro suffrage and the disfranchisement of the only people in the South who are capable of government. If Gen. Grant will give us a sensible, discreet man and a thorough gentleman to manage the Department, such as we esteem Col. Bomford and others which might be named to be, the bill, however offensive to our feelings as American citizens, could not harm us much. Persons disposed to behave themselves would not be disturbed, except through the agency of malicious enemies.

### Our Rail Road Matters.

We close to-day the articles of Gen. Barringer on the North Carolina Rail Road, in reply to Mr. Turner. Between the two, that Rail Road has gotton a most thorough ventilation. We have been satisfied it was needed for some time, and we believe it will do good.

For several years we have been convinced that the Rail Roads of the State—all of them, must be removed from all political alliances and influences, in order to be successful. They must be managed just as a thoroughly skillful merchant or mechanic manages his own business. He must feel that he is working for himself, to make money and improve his own condition. And so must every Director and officer on a Rail Road be made to feel.

We published some time since, the sound and judicious report of the Board of Internal Improvement of the State. It embodied the views that we had entertained for some time. We are fully of the opinion that the Legislature should adopt its suggestions. Place the entire management and responsibility in the hands of the shrewdest and largest individual Stockholders, empowering the Board of Internal Improvement to investigate its affairs at all times.—This is preferable we think to the suggestions of the Stockholders. If the State claims any or desires any Directorship at all, she must have it equal to the amount of stock she has in the company, otherwise demagoguism will soon restore the old plan.

### Liberty.

That is a sweet word. We blame no one to desire to be free. Nothing was so natural, among the colored race, as to be anxious to feel the same gush of emotion and enjoy the same happiness which the possession of liberty inspired in the bosoms of the white people, among whom they had been raised. Whether it was best for them, or whether they were prepared for it, were thoughts which the throbbings of the heart after liberty, never allowed intrusion.

No man of sense can think otherwise or blame *them* for it. And such has been the general good conduct of the blacks throughout the whole conflict until now, that the idea that the white people hate them or would injure them, or would deprive them of any right or privilege, simply because of their former position or because their former relations have been broken up, is to at tribute to the Southern people a feeling they do not indulge, and a spirit and temper which does not belong to them. The opposition expressed by many to admitting them to testify in cases in which white persons are concerned, or to admit them to the ballot-box or to any other privilege hitherto only enjoyed by the whites, is not a mere *prejudice*, but a *conviction* based upon a full knowledge of the race.

Yet, if the spirit which prevails in Congress carries out its purposes, while it gives liberty to the black race, dooms to slavery, by the seeking and invitations of men who call themselves natives of the South, a large portion of the white race.

GENERAL GRANT OPPOSED TO A MILITARY DESPOTISM IN THE SOUTH.—The New York *Times*, of Wednesday, has the following important revelation: "As late as Thursday last, a bill for the establishment of military despotism acquired strength in the House, by the declaration of Mr. Farnsworth that General Grant favored it, and the member who announced the news was regarded, for the time being, as an oracle to be respected. Owing to the importance of the matter, Grant took the earliest opportunity to inform a prominent member of the House that he had been misrepresented—that he did not favor the erection of a despotism, with himself as chief despot—and that he was really surprised that such a notion should be attributed to him."

The Richmond correspondent of the Staunton *Spectator* says: "If anybody don't want to be nominated for Governor of this venerable Commonwealth, he had better take to the bushes."

THE BLACKEST RECORD.—The *National Intelligencer*, in referring to the purpose of the Stevens' military bill says:

The blackets record ever made by an assembly of the representative of a free people stained yesterday the proceedings of the House of Representatives. Never in the most tyrannous hour of the Long Parliament misrule; never amid the utmost subservience to the royal mandate of an English King; never, in the most bloodthirsty epoch of a French convention, did the representatives of a people stamp themselves with greater ignominy.—It silences the lips of free speech. It infringes the right of the people to bear arms. It wipes out the guaranty of a grand jury presentment. It abolishes the exemption of freedom from seizure and from search. It abrogates the right of trial by a jury of one's peers in the vicinage of the commission of the alleged offence. It tramples upon the prerogative of the President, it makes war upon the Constitution, it rebels against the authority of the Supreme Court. It invades the sacred constitutional rights of the citizen. It is treason enveloped in the form of law. It is rebellion wearing the garb of legitimate power. It is usurpation assuming the sanctity of constitutional enactment.

Rev. O. P. Fitzgerald, of California, (a native of North Carolina) acknowledges in his paper the receipt of $114 to be expended for the benefit of the poor widows and orphans of the South.

GEN. HOWELL COBB.—The *National Intelligencer*, in noticing the arrival of Gen. Howell Cobb, of Georgia, in Washington, says: "He comes here upon no political summons nor errant."

The Weldon *State* says it is probable that Sheriff Snow is one of the heirs to a fortune of fifty or sixty millions of dollars in England.

### The North Carolina Railroad.

No. 3.

It is said that the State Directors appointed by Gov. Holden were "bogus;" that the provisional year 1865 was no fair test. No one can doubt the legitimacy of the Board of 1866, appointed by Gov. Worth. They stand thus:

| | | | |
|---|---|---|---|
| Jno. A. Gilmer, | no stock. | J. Turner, Jr., | 5 shares. |
| B. B. Roberts, | " " | J. A. Moore, | 6 " |
| Robt. Strange, | 5 shares. | N. Boyden, | 10 " |
| John Berry, | 5 " | W. C. Means, | 20 " |

This Board met on the 12th of July. Without pausing to look into the affairs of the Company, they rush into the election of officers, and endorse, by re-election, the Superintendent, Mr. Wilkes, whom they now denounce with so much vehemence. Through with the elections—the chief work of politicians—they hurry home, and, in profound and blissful ignorance of the condition of their Road, they fail to meet again for over two months! In the meantime, the two committees appointed by the much abused Stockholders, to overhaul the workings of the Road, had entered upon their duties and had made known the rotten condition of the Company. This aroused the Board from their slumber. They met, and raised the banner of Reform. They appointed two of their number a standing committee on Finance. They cut down the quantity and price of labor. They vetoed all supplies and material not actually needed for present use. They at last resolved to modify the former negro hire order of the Board of 1865, and reduced the rates from $125 and $150 to $80 and $100. They got after the Express and Telegraph monopolies. They hurried off, after five months delay, and after all the mischief was done, Ex-Provisional President Boyden and the omnipotent Wilkes to New York, (paying of course, their expenses) to hunt up Seignior Parmento and escort him home. But alas! for the infirmities of human nature, their zeal was short-lived. They got over their "pains," and soon relapsed into the habits of their predecessors. They seem, judging from the record of their proceedings, to devote themselves most assiduously to small affairs, and especially to the popular privilege of paying claims and granting favors, while the great interest of the Road, and the rare difficulties under which we suffer, are sadly neglected. Three motions were made at a single meeting to extend the lists of free tickets! Meantime, the officers of the Company catch the spirit of the Board. The investigation of the Committee of Finance now going on, disclose the fact that there is little or no reform, and that the money of the Company continues to flow like water.

I give a single instance of the action of this Board:

Two station agents had, in 1864-'5, when Confederate money was greatly depreciated, managed, in some way, to hold back certain Company checks, payable in that currency, sent them for their current salaries. After the surrender, these agents gravely present their checks and demand their salaries in good money! The officers, and the Board of 1865, persistently refused to pay these claims. The agents appeal to the Board of 1866, and the claims are allowed! Upon the discovery of the trick, these agents should have both been promptly dismissed. Not content with being kept out of the war, and allowed the privilege of "trading and trafficking," they must now be rewarded for cheating their employees. And this by a Reform Board.

It is hardly necessary to say, after such exhibitions of retrenchment as these, that the Board are now in market for large loans, and that they give due notice that they will not be able to meet their small funded debt, falling due in March next.

Such is the history of its joint management in the hands of its ablest and best friends.

Are the people at large benefitted, in any way, by this system of mismanagement? Clearly not. It is an incubus on the enterprize, the industry, the character and the credit of the State. It has effectually stopped all further Internal Improvements in North Carolina. It gives us neither cheap fare, low freights, safety, dispatch, discipline, or good order on the Road. Accidents and losses are of daily occurance.—The trains and stations are often scenes of rowdyism and obscenity, disgraceful to the age and country. Many blame the officers for all this. No doubt they are to blame. But the source of the evil lies in the political, popular, management of the Road. No President, no Superintendent, no agent, no conductor, can enforce proper authority, and maintain discipline on this Road, so long as it remains a political institution.

As to fares and freights, the whole system is a jumble of confusion, of favoritism, fraud or folly. I give a few instances of recent date and of my own knowledge. Mr. A. pays $1,25 from Salisbury to Concord. Mr. B. gets a ticket to go to the same point and return and pays $1,00! Two children are sent from Concord to Charlotte and are charged $2,50. The same children, in ten days, are sent back to Concord and are charged $1,00! A carriage is sent from Salisbury to Concord, 23 miles, and the freight per schedule is made out $11,20. The same carriage is forwarded to Charlotte, 21 miles, and the freight is made out per same schedule at $5,25. An appeal to the Superintendent discloses the fact that both were wrong, and the true sum is fixed at $7,25 for the whole distance of 44 miles.

Don't the mass of the people, especially the honest and humble, suffer by this doubt and uncertainty? The truth is, freights on this Road, excepting a few leading articles, are high. The secret is, about half of the travel, and a large proportion of the freight and telegraphing is *free*; and those that pay at all are taxed to keep the concern running. Millions are extorted from our suffering industry, and then squandered on favorites, officials, employees, contractors, sharpers, and speculators, from Goldsboro to Charlotte and from New York to New Orleans.

That this Road could be made to pay, there can be no doubt. I know nothing about operating Railroads. But I have had occasion, for years past, to watch the management of many of our Southern Roads, and I am thoroughly persuaded that this line, with its numerous and constantly increasing connections and extensions, should not only pay but pay well and pay now. But our only hope is in reorganization. We must put it in charge of those most immediately, most directly and most largely interested in its pecuniary success. It is a conceded fact, that with rare exceptions, private affairs are managed more successfully than public affairs. Just in proportion, as the State or government interferes in the management of enterprizes of this kind, in the same proportion may we expect abuse and mismanagement. No power on earth, but the love and hope of private gain, that mighty principle of human action, can resist, overcome and conquer the tendencies of this corporation to demoralization and ruin. It is this all pervading motive, whether acting singly or combined, that stimulates devotion to duty, arouses energy, creates enthusiasm, surmounts difficulties and secures success.

I could furnish many proofs of the correctness of these views from the opinions of practical Railroad men, eminent capitalists and honest statesmen. I shall refer to only two.

Gov. Worth, after a large experience in public affairs and a close examination of our several works, as President of the Board of Internal Improvement, recommends, in a recent message to the General Assembly, substantially the policy here advocated. I am surprised to find that so few persons have read this able and important document.

The other is a letter from Col. William Johnston well known as an eminently successful Railroad President. He now has charge of three different lines. His main Road, the C. & S. C. R. R., was destroyed for 52 miles by Sherman. All his shops, most of his stations, the Catawba bridge, much of his rolling stock, 1602 bales of cotton, and 3000 cords of wood, consumed by fire and 65 slaves manumitted. Despite these astounding losses, his Road is on its legs again, with a debt of only some $500,000, and his stock up to 60! Surely the opinions of such a man are entitled to more weight on this subject, than those of inexperienced politicians and professional gentlemen, however prominent.

He says:

"CHARLOTTE,, Dec. 28, 1866.

"GEN. R. BARRINGER:

*Dear Sir:*—Your favor of the 27th, making certain enquiries in regard to the Charlotte & S. C. R. R., is received, and I, with pleasure, respond to them.

The State of S. C. now owns about $300,000 of stock in this Road—having transferred $50,000 of what she originally had—leaving still $300,000. I do not recollect that this stock was ever represented but twice in any meeting of the stockholders, by the State. It was represented on these two occasions at the request of the President and Directors. The State has acted upon the principle, that her interests were better provided for by the *individual Stockholders, taking care of their own*, than by *political* proxies, representing *her* interests. The State of S. C. has some interest in every Road in the State. I never knew it represented in any Road, except the two instances referred to. *I think all political influence or control of Public Works, as a general principle, injurious to their success.* The highest guarantee of financial success is the amount of *pecuniary interest* the officers, directors, or managers may have in the Road or work. A large pecuniary interest will insure greater fidelity than bonds, or mere legal obligations.

The Ch. & S. C. R. R. paid 2 per cent. dividend in 1856, 6 per cent, in '57, 8 per cent. in '58, and 10 per cent. from '58 to '61.

* * * * * * *

I have thus hurriedly answered your interrogatories, without time to be as full and explicit as I would desire.

Will be pleased to communicate with you at any time on these interesting subjects.

I am, very truly yours,
WM. JOHNSTON,
*President.*"

Col. Johnston has omitted to add, what is the fact, that the State of S. C. has no Directors in the Board of any of her Roads. She leaves their management entirely to the private Stockholders. Previous to the war her Railroad system was a remarkably successful one, and the Finances of no State stood better. She did not have a bond in the market.

I now conclude this long, and, to most persons, dull investigation.

I know the difficulties to be overcome in securing a change of our Charter. Politicians, Railroad officials, employees and contractors from one end of the State to the other, will combine to defeat this great Reform. The day it passes, their hopes of favor, ease and plunder are gone. The change is so radical—and the idea so novel to many persons—so different from our habits of thought, that even clear headed men cannot see their way safe, in the State cutting loose entirely and at once, from the management of her public works, and committing them wholly to the care and control of the private stockholders.

But, as Mr. Turner thought in 1852, it is "sound principle." The Stockholders, now that this Road is finished, cannot operate it to make money for themselves, without making money for the State. This is what we want. I deny the assertion of Mr. Turner that politics must necessarily enter into the management of this Road. The wish is father to the thought. We know that such is not the case in most private corporations. Set this Road to making money and it will forget party politics, and probably forget the politicians.

I predict, the day this measure passes, the Stock of this Road will advance 25 per cent. That ere 12 months elapse our other great lines still unfinished and at a dead lock, will be going rapidly forward to completion. That ere two years the N. C. Road will be paying, and the Stock bringing par: and that ere three years, freights will be greatly reduced on all our Roads, and that they will be managed with more economy, safety and dispatch, than ever before.

Finally, I beg to disclaim any ill feeling, or personal animosity in what I have here written. —I repeat what I have always said: I blame the system rather than the men in charge of it. But the two are so intimately connected, that it is hard to separate the one from the other. I have resolved, not to stand idly by and see my property squandered, by those chosen and paid to take care of it. Make the Road pay, that is all I want. Until this comes to pass, gentlemen who advocate the present policy or hold office, under it, must expect a rough time.

Special Correspondence of the Baltimore Gazette.

### From Washington.

WASHINGTON, Feb. 13.

This morning the moderate Republicans, or Conservatives as they are sometimes called, plainly showed their hands. *Their* plan of pacification consists in the Blaine proposition, which is simply the Constitutional amendment, which proscribes more than half the Southern people, with the additional outrage of *universal negro suffrage*, guaranteed by constitutional provisions. This measure is proposed as an additional section of the Military bill of Stevens, which is to accompany it, and *to which the South shall be subjected, until it acquiesces in the gracious boon thus offered.* This is the proposition which Banks alluded to when he suggested, on Saturday last, that he desired a postponement of the military bill until a plan was matured, which, if not accepted by the President, would lead to his immediate dismissal from office.

As the matter will stand, there is consolation in the fact that under any circumstances, the South must necessarily have a choice, and I but speak the sentiments of all true Southern men here, *when I announce that the South will remain passive spectators of transpiring events.* Military rule is infinitely preferable, in the judgment of all I have consulted with, to the infamous scheme proposed by these so-called moderates. The Democrats saved their honor by voting in a body against the previous question, moved by Blaine, by which his amendment was brought before the House.

The counter proposition of the extremists is undisguisedly to place the full power of the unrepresented States under the control of the recently emancipated slaves. A very few days must determine what will be the ultimate fate of these measures. In the meantime, even straws are significant. Mr. Wade this morning personally hurried the Louisiana act, which passed yesterday, from the House to the Senate, and immediately moved its consideration. Under the rules further action than a first reading could not be taken except by unanimous consent, and objections being made it was passed over until to-morrow. Much depends upon the course of Mr. Fessenden, and great anxiety is felt as to his precise position. From hints thrown out by Bingham, as arguments to the Radical section in favor of adopting the proposition of Blaine, it might be inferred that the Louisiana project may be rejected by the Senate, but calculations based upon that kind of data have so often proved fallacious that it is unsafe to suggest them as affording reasonable ground of encouragement.

## LOCAL DEPARTMENT.

REMINGTON'S FIRE ARMS.—We refer our readers to the Card of Messrs. Remington & Sons, manufacturers of No. 1 fire arms, pistols, &c.

Messrs. O. G. Parsley & Co., Wilmington, offer, to arrive, fresh from Cardenes, an excellent article of molasses. Buyers would do well to send in their orders at once.

Messrs. Mitchell, Allen & Co., Newbern, have on hand a superior lot of Housekeepers materials, table cutlery, &c.

Mr. Towles' auctions begin on Monday next.

FACTORY SITE AND WATER POWER.—The property offered for sale on Haw River, by T. J. Mitchell, Esq., of Newbern, now consisting of a large brick flouring mill with all necessary machinery, 40 acres of good land, water power sufficient for the purposes of a large cotton factory, and a most eligible position, being immediately on the N. C. Rail Road, presents the strongest inducements for the investment of capital. A company, it strikes us, might be formed with an amount of capital to make it one of the most available pieces of property in the land. This property has been advertised in the *Sentinel* and will be sold at public auction, on the 5th of March next.

J. N.—The papers have recently announced that "J. N." is dead. "J. N." denies the affirmation in a letter to the Staunton, Va. papers.

AN ERROR.—An error occurred on yesterday, in the name of the General Agent of the Non-explosive Oil, in the advertisement and notice. A dealer in the article informs us that his name is H. D. Norrell, instead of Orrell, No. 120, Maiden Lane, New York.

### Mr. Stevens' Bill.

The following is a copy of the bill reported from the Joint Committee on Reconstruction by Mr. Stevens, as it passed the House of Representatives on Wednesday:

A bill to provide for the more efficient government of the insurrectionary States.

Whereas, the pretended State governments of the late so-called Confederate States of Virginia, North Carolina, South Carolina, Georgia, Mississippi, Alabama, Louisiana, Florida, Texas and Arkansas were set up without the authority of Congress and without the sanction of the people; and whereas, said pretended governments afford no adequate protection for life or property, but countenance and encourage lawlessness and crime; and whereas, it is necessary that peace and good order should be enforced in said so-called States until loyal and republican State governments can be legally established: therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That said late so-called Confederate States shall be divided into military districts and made subject to the military authority of the United States as hereinafter prescribed, and for that purpose Virginia shall constitute the first district; North Carolina and South Carolina the second district; Georgia, Alabama and Florida the third district; Mississippi and Arkansas the fourth district, and Louisiana and Texas the fifth district.

Section 2. And be it further enacted, That it shall be the duty of the General of the army to assign to the command of each of said districts an officer of the army, not below the rank of Brigadier General, and to detail a sufficient military force to enable such officer to perform his duties and enforce his authority within the district to which he is assigned.

Section 3. And be it further enacted, That it shall be the duty of each officer assigned as aforesaid, to protect all persons in their rights of person and property, to suppress insurrection, disorder and violence, and to punish, or cause to be punished, all disturbers of the public peace and criminals, and to this end he may allow local civil tribunals to take jurisdiction of and to try offenders, or, when in his judgment it may be necessary for the trial of offenders, he shall have power to organize military commissions or tribunals for that purpose, anything in the Constitution and laws of any of the so called Confederate States to the contrary notwithstanding; and all legislative or judicial proceedings or processes to prevent or control the proceedings of said military tribunals, and all interference by said pretended State governments with the exercise of military authority under this act, shall be void and of no effect.

Section 4. And be it further enacted, That courts and judicial officers of the United States shall not issue writs of habeas corpus in behalf of persons in military custody, except in cases in which the person is held to answer only for a crime or crimes exclusively within the jurisdiction of the courts of the United States within said military districts, and indictable therein, or unless some commissioned officer on duty in the district wherein the person is detained shall endorse upon said petition a statement, certifying upon honor that he has knowledge or information as to the cause and circumstances of the alleged detention, and that he believes the same to be wrongful; and further, that he believes that the endorsed petition is preferred in good faith and in furtherance of justice, and not to injure or delay the punishment of crime. All persons put under military arrest by virtue of this act shall be tried without unnecessary delay, and no cruel or unusual punishment shall be inflicted.

Section 5. And be it further enacted, That no sentence of any military commission or tribunal hereby authorized, affecting the life and liberty of any person, shall be executed until it is approved by the officer in command of the district, and the laws and regulations for the government of the army shall not be affected by this act, except in so far as they conflict with its provisions.

### Congress—Stevens' Bill in the Senate.

WASHINGTON, Feb. 15.

In the Senate, the Judiciary Committee reported a bill regarding appeals. It removes limitation in cases arising in the rebellious States, and extends the time a year from the passage of the act.

A bill was introduced providing for the removal to the District Court any case of over $500 when one of the parties live in the unrepresented States.

Mr. Williams moved to take up Stevens' bill.

Mr. Sumner hoped that the Louisiana bill would take precedence.

Mr. Wade favored both, and was indifferent which came first.

Stevens' bill was read.

Mr. Williams withdrew his amendment, fearing that it would endanger the bill. He hoped it would reach a vote to-morrow night.

Mr. Johnson offered Williams' amendment, which is known as Blaine's amendment.

Mr. Stewart regretted Williams' change of mind. He would not vote for it unless amended. Did not care if he stood alone. He would not vote for any bill leaving no escape for the people of the South.

Mr. Wilson moved to amend Blaine's amendment by giving equal rights in professions, schools, &c., to all classes. He favored the bill as it came from the House but if amended, he desired this addition. He regarded the battle for impartial suffrage as fought and won.

Mr. Howard objected because the amendment acknowledged the validity of the State governments.

Mr. Williams moved a recess until 7 o'clock, when he expected the Senate to sit till the bill was passed.

In the House, the bounty bill was resumed. Its provisions exclude prisoners who joined the Federal army. In the course of the debate the West was arrayed against New England and considerable bitterness was exhibited. An amendment provoking the discussion, was defeated 74 to 85, the bill then passed.

The estimates of money required to pay the bounties range from two hundred and fifty to six hundred millions.

WASHINGTON, Feb. 15.

Gov. Jos. E. Brown and Judge D. A. Walker have been admitted to practice in the Supreme Court.

### Afternoon Dispatches.

### Stevens Bill in the Senate—Republican Caucus.

WASHINGTON, Feb. 16.

In the Senate last night, the proceedings were scattering on Blaine's amendment. Several amendments were offered. The point on which the Republicans split is the Confederate vote. All favor the black vote. But some seem to abhor the idea of disfranchising the whites and placing the States at the mercy of the blacks. Others are determined to disfranchise the Confederates as a punishment, while a number fear their influence and votes as dangerous to the country.

Several motions to adjourn were negatived. A proposition to vote at 12 to-night was rejected, and the Senate finally adjourned without coming to a vote or understanding.

In the course of the debate, Mr. Doolittle said the South would not accept universal suffrage, and would prefer military rule.

Mr. Wilson responded, make them accept it.

The Republican Senators held a caucus this morning, in which Mr. Wilson introduced a bill declaring the amendment ratified and a part of the Constitution.

### Is Virginia a State?

NEW YORK, Feb. 16.

In the Supreme Court, at Chambers, on yesterday, the case of George Almy, Captain of the Steamer Washington Irving, came up. Application for his discharge on a writ of *habeas corpus*.

The petitioner's counsel contended that the requisition of Gov. Pierpont was invalid, on the ground that there was no such State as Virginia in the Union, recognized by the Federal government or the Senate as such. That Governor Pierpont had been appointed Governor by the President. He had no right to make such appointment. That the Governor of New York has no authority to expatriate a citizen of New York, on the requisition of Gov. Pierpont, and that we have no treaty with Virginia, to that purpose. He signified his intention of traversing the return to the writ, and having the case set down for this morning at 10 o'clock.

Almy was arrested on a requisition of Gov. Pierpont, charged with running off a vessel which was under attachment for debt. The proceedings in this case are looked for with intense interest, as bringing vital questions fairly before the Supreme Court.

### Fenians.

LONDON, Feb. 14.

The government denies the wide spread stories of the landing of Fenians by the shipload.

The telegraph wires near Valentia have been destroyed for a long distance, and several coast guard policemen have been killed.

LONDON, Feb. 15.

Eight hundred Fenians, commanded by Col. O'Connor, have retreated to Hill's neighborhood in Killarney. An ex Captain of United States volunteers was arrested in Killarney as a Fenian leader. A number of marines at Portsmouth have received orders to depart for the insurrectionary district.

ASK THEM IF THEY WILL SELL WAMSUTTA prints at 12½ c per yd.

Arnold's and Freeman's at 13½; Phillip Allen's, Sprague's Dunnell's and American prints at 15 c. per yd., good styles, good quality and good colours, fine round thread and well compacted.

Ask the gentlemen if they will sell heavy 4-4 Brown Domestic at 18 c. per yd?

Ask them if they will sell New York Mills 4-4 Bleached Domestics at 35 c. per yd.

Ask the gentlemen if they will sell Wamsutta and Lonsdale 4-4 Bleached Domestics at 28 c.

Ask them if they will sell powdered, and crushed sugar at 14 c. per lb.

Ask them if they will sell Rio Coffee at 23½ c. per lb., a good article, not dead grains, NOT ROCKS, BUT COFFEE.

If they will sell them at the above prices they are cheap, if they will not, leave immediately.

A FEW WORDS TO MY FRIENDS AND CUSTOMERS.

I advertised in the early part of the season that I would sell goods as cheap, as Yankee, Jew or Gentile, Cost Houses not excepted—as cheap as he who had paid for his goods, or even intended to pay for them. And I here take the privilege to say, that I think my customers will bear me out when I say, I have done so in almost every instance.

I told the people to "come to Creech's," to buy their goods—they have come, and they are still coming—and I think they will pardon me when I say they have shown their good judgment.

I now tell them to "come to Creech's" to buy their goods.

I don't advertise my goods at New York Cost.—I intend to represent my goods to you in a fair and equitable way, and sell them fully as cheap as any so-called Cost House. And I here say to the so-called cost gentlemen, if they paid what they charge their customers for goods, I advise them to go back to the License man and surrender their license. Go back to your Land-lords and ask them to take back your houses,—and proclaim to the world that you have missed your calling, and are not fit for merchants.

I compromised my debts that I owed North before the war, by paying them at one hundred cents in the dollar.

Let them start their opposition—let them all talk. But "come to Creech's," to buy your goods. You will find me at R. Smith's corner, ready and willing at all times to serve you right.

A. CREECH.

RAW BONE SUPER-PHOSPHATE OF LIME.

Delaware River Chemical Works,

PHILADELPHIA, U. S. A.

This old established MANURE is manufactured from Bones that have not been burned or steamed, and it contains all their original organic matter. It is active in its operation, and is a fertilizer of great durability. It does not exhaust the soil like Peruvian Guano, but on the contrary permanently improves it.

Previous to 1861 it was introduced into the Southern States to considerable extent, and again in 1865, where it has been used with remarkable success upon

Cotton, Corn, Tobacco, and all Crops.

A trial will convince any planter of its merits.—Pamphlets containing well-known Southern evidence furnished upon application to New York or Philadelphia offices.

## FERTILIZERS FOR SPRING CROPS.

WE beg to inform the trade and planters of North Carolina and Virginia, that we are prepared to furnish them with the most approved FERTILIZERS, on the most accommodating terms. We will have a stock of genuine PERUVIAN GUANO, purchased direct from the Agent of the Peruvian Government.

We have now in store, for immediate delivery, 225 tons BRADLEY'S SUPER PHOSPHATE OF LIME, which won for itself such an enviable reputation in the Cotton and Tobacco counties of North Carolina and Virginia, last season, proving itself equal, and in many important respects, superior to the Peruvian Guano. We give an analysis of it as ascertained by Dr. Hayes, one of the most eminent Chemists in the country:

**Results of Analyses Made of Bradley's Patent Super-Phosphate of Lime, as now sold by Wm. L. Bradley.**

| 100 PARTS CONSIST OF | |
|---|---|
| Moisture | 5.30 |
| Prepared animal matter, salts of Ammonia, fatty substances and Humus | 38.50 |
| Bone Phosphates of Lime, Magnesia and Iron | 36.80 |
| (Soluble Phosphates of do. 16 6-10.) | |
| Sulphate of Lime | 16.50 |
| Salts | 20 |
| Insolubls | 2.60 |
| | 99.90 |

The animal matter afforded 4 2-10 parts of Ammonia when it was decomposed, and, as will be seen, nearly one-half of the Bone Phosphate is soluble.

After many analyses of your Super-Phosphate of Lime, made during the last few months, I have found your standard of quality full equal to that of any you have ever sold in former years; and I am satisfied that you include the correct principles in the manufacture. Respectfully,

A. A. HAYES, M. D., State Assayer.

We refer to the following gentlemen who tested its merits last season:

**WATER POWER AND MILL.**

I WILL SELL AT PUBLIC AUCTION, AT THE Court-House in Graham, Alamance County N. C., on Tuesday, March 5th. at 12 o'clock, the valuable property, known as the

COMPANY MILLS,

**CONSISTING OF A LARGE BRICK FLOURING MILL,**

WITH ALL THE NECESSARY MACHINERY.

Circular Saw-Mill and Machinery, Dwelling House and Out Houses, Bridge 240 Feet Long Across Haw River, with about

40 ACRES EXCELLENT LAND.

The Water Power at present improved is sufficient for a large Factory, and the most valuable power is yet unimproved. This property is only two and a half miles from the North Carolina Central Rail Road Shops, and midway between Charlotte and Goldsboro'. It is a valuable location for a Cotton Factory, and one of the cheapest markets for purchasing cotton.

Purchasers are invited to examine the property, which they can do by stopping at the Company Shops.

Only one tenth of the purchase money will be required in cash.

THOS. J. MITCHELL,
Newbern, North Carolina.

**LIFE INSURANCE.**

MANY insure their lives because they see the folly of neglecting to do so. Many who do not insure argue that it is folly to insure. Which is right? If those who do not insure can cite instances of the loss done by a policy of life Insurance, if they can point out men who have lost $5,000 to $100,000 by Life Insurance, then upon proof of same, we must believe them. Hundreds of instances can readily be shown where parties have been benefitted to this extent.—In North Carolina there are some Widows and Children ready to testify to the good resulting from a life Insurance on their only earthly dependence.

The "Etna Life Co., in loosing $23,000 the past year has relieved want—and now with over $4,000,000 of assets—offers sure protection to all those who will avail themselves of her liberal terms, by calling on

**FOR SALE.**

ONE THOUSAND ACRES of valuable land, lying on Nense River, in the County of Johnson, and on both sides of the N. C. R. Road, between Smithfield and Stallings' Depots."

I prefer selling the whole tract to one man, but will cut it into hundred acre tracts to suit purchasers.—To a company of men wishing small farms and pleasant healthy locations, it holds out good inducements, as I will sell on favourable terms. Persons wishing to examine the land, and coming by Rail Road, can be put off the Cars at Vinson's Mill, where they will always find me.

I will also sell a TWENTY HORSE power SAW MILL in good working order, with teams, waggons, and all appurtenances.

**1867. "THE WORLD" 1867.**

THE ATTENTION OF THE PUBLIC IS INVITED to the claims of **"THE WORLD"** as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merit consists in its character as

**An enterprising and Trustworthy Newspaper.**

The next year bids fair to be a more critical one in the history of our free institutions, than even any of the eventful ones that have preceded it. The first requisite for an intelligent judgment of public affairs is a full and authentic account of *facts as they transpire*. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interest, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy, and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political friends just as freely as those prepared by political friends making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments which it cannot refute, it is content to leave to make their full impression. THE WORLD adopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance.
